An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. We believe our audit provides a reasonable basis for our opinion.

#### **Notes to Consolidated Financial Statements**

June 30, 2004

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

## **Organization and Nature of Activities**

The University of Tennessee Foundation, Inc. (the "Foundation") is a not-for-profit organization exempt from federal income tax under Section 501 (c) (3) of the Internal Revenue Code. The Foundation was formed to support The University of Tennessee (the "University"). The Foundation was established to provide flexibility for the University in carrying out its mission of teaching, research, and public research. The Foundation receives contributions from individuals, corporations, alumni, and other donors.

#### **Financial Statement Presentation**

The Foundation has adopted Statement of Financial Accounting Standards (SFAS) No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

## **Principles of Consolidation**

The consolidated financial statements include the accounts of the Foundation and two single member limited liability companies created by the Foundation. The names of the limited liability companies are Volunteer Student Housing, LLC and Martin Student Housing, LLC. The limited liability companies were created to own student housing facilities adjacent to the University of Tennessee at Knoxville campus and University of Tennessee at Martin campus. All significant intercompany balances and transactions have been eliminated in the consolidation.

#### **Basis of Presentation**

The financial statements have been prepared on the accrual basis of accounting, and accordingly, reflect all significant receivables, payables, and other liabilities.

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

Cash and cash equivalents consist of demand deposit accounts and other instruments, which are readily convertible to cash.

#### Investments

Investments are recorded on the date of contribution and are stated at market value. Market values are determined by national securities exchanges. Unrealized gains and losses are determined by the difference between market values at the beginning and end of the year. These amounts are included in the change in net assets in the accompanying statement of activities.

The Foundation's policy regarding investment income and realized and unrealized gains and losses for temporarily and permanently restricted assets is to record such revenues as unrestricted support to the extent that restrictions are met in the same reporting period.

## Pledges Receivable

Unconditional pledges, less an allowance for doubtful accounts, are recognized as contribution revenue in the period received and as an asset. Conditional pledges are recognized when the conditions on which they depend are substantially met. Unconditional pledges that are expected to be collected within one year are recorded at net realizable value. Unconditional pledges that are expected to be collected in future years are recorded at the present value of their estimated future cash flow.

#### **Construction in Progress**

Construction in progress is recorded at cost. Interest expense on tax-exempt bonds financing the project, offset by interest earned on the proceeds of the bonds, during the construction phase is capitalized. At the completion of construction, the resulting assets will be depreciated over their estimated useful lives.

#### **Contributions**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

The Foundation reports gifts of cash, donated property, and all other assets as unrestricted support unless explicit donor stipulations limit the use of the donated assets. When a donor restriction expires, that is, when the stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Donated gifts are recorded at fair market value at the time of donation and are reported as restricted support if it is received with donor imposed restrictions.

## 2. PLEDGES RECEIVABLE

Pledges receivable are summarized below net of the allowance for doubtful accounts:

The facility will be a 12-story complex with five levels for parking and seven levels for housing. The facility is scheduled for completion in August 2004.

Volunteer Student Housing, LLC entered into a 7 year 75% hedge on the project with the hedge rate being 3.25%. During the fiscal year, \$1,619,875.91 of interest expense and \$531,558.87 of interest income was accrued. The first principal payment is due September 1, 2005. The bond proceeds are held in trust and invested. The book value of the bond proceeds remaining at June 30, 2004 is \$14,648,022.36, which approximates market value. Also, residents at the student housing complex have paid fees as part of their lease agreement. \$90,000 of the rental fees have been transferred to the revenue fund at Wachovia Bank, the trustee.

Other project costs represent issuance costs and letter of credit costs paid from the bond proceeds at closing. The issuance costs will be amortized over the life of the bond, and the letter of credit cost will be amortized over the 7-year letter of credit term. The total other project costs was \$831,683.04, and the amortized cost for the fiscal year was \$68,334.46. Of this amount, \$60,090,000 is available for the payment of the principal of the bonds or a portion of the purchase price corresponding to the principal of the bonds and \$889,003.00 is available for the payment of up to 45 days' interest on the bonds. There is no outstanding balance drawn on this letter of credit at June 30, 2004.

#### 9. REMAINDER INTEREST

#### **10. GIFT ANNUITIES**

The Foundation has entered into an agreement with The Benefits Group (TBG) for gift annuities. Under the agreement, a donor can provide funds to the Foundation for a gift annuity and an annuity agreement would be signed between the donor and the Foundation. TBG is then contacted and completes the annuity contract with an insurance company (commercial annuity) with the contract also signed by the Foundation. The insurance company makes the annuity payments to the donor not the Foundation. Part of the gift annuity donation is sent to the insurance company to fund the annuity payments. The remaining annuity gift amount is sent to the University for the purpose specified in the annuity agreement. The commercial annuity purchased by the Foundation is insurance and

is subject to regulation by the Tennessee Commissioner of Commerce and Insurance and is protected by an insurance guaranty association. The Foundation has no liability under this arrangement since the commercial annuity is purchased. During the fiscal year, one gift annuities was performed with the total gift value being \$50,000. ## 11. RETIREMENT PLAN

The Foundation has a defined contribution plan (the Plan) covering all employees who agree to make contributions to the Plan equal to 10% of the participant's compensation. The Foundation matches participants' contributions to the Plan equal to 10% of participants' compensation. Total expense for the year ended June 30, 2004 was \$3,125.00.

#### 12. CONCENTRATION OF CREDIT RISK

The Foundation had concentrated its credit risk for cash by maintaining deposits at a bank, which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (FDIC). The Foundation has not experienced any such losses in this account and believes it is not exposed to any significant credit risk to cash.

## 13. DR. SHUMAKER'S CONTRACT WITH THE FOUNDATION

On August 8, 2003, Dr. John Shumaker resigned as President of the University. Dr. Shumaker's contract with the Foundation was terminated as a result of the resignation. The Foundation did accrue \$21,434.30 of expenses related to his contract for the fiscal year ended June 30, 2004. The Foundation had purchased \$242,000 of investments according to his contract. Since Dr. Shumaker did not meet the vesting requirements for the investments due to his resignation, he did not receive any proceeds from the sale of the investments. The net proceeds from the sale of the investments were \$265,698.60. From his contract signing in May 2002 to his resignation, the Foundation has incurred 316,195.47 of expenses relating to Dr. Shumaker's contract. The investment sale proceeds were used to reimburse the Foundation for its expenses relating to his contract.
